

ANEXO: IMÁGENES

1 – Cajita Digital Abierta montada y alcance de señal

This file is licensed under the Creative Commons Attribution-Share Alike 4.0 International license. Author: TitiNicola

2 – Topología de la red

Ordenadores en red con acceso a recursos compartidos pero sin conexión a Internet

3 – Router *La Brique Internet* alimentado a batería. Este modelo está basado en PirateBox.

4 – WebUI de PirateBox

A screenshot of the PirateBox web interface. The top navigation bar includes tabs for "PirateBox", "Files", and "Chat". A "Upload a new file" button is located in the top right corner. The main area is divided into two sections: "Download the others' files" and "Share your own files".

Download the others' files: This section shows a grid of files and folders. Some files have a green star icon indicating they are shared. A context menu is open over the file "bortzmeyer", with options "Open", "Download", "Rename", and "Delete".

Share your own files: This section features a "Drag & drop here" area with a dashed border, a "Click to open the file browser" button, and a "Create a folder" button.

At the bottom left, there is a link: "Any problem? Contribute - AGPL 3.0".
